

QATAR'S 7TH INTERNATIONAL AGRICULTURAL EXHIBITION AND 1ST INTERNATIONAL ENVIRONMENTAL EXHIBITION

Marking an unprecedented success in the history of the event, Qatar's Seventh International Agricultural Exhibition and First International Environmental Exhibition, AgriteQ & EnviroteQ 2019, took place from 19 - 22 March, at the Doha Exhibition and Convention Center (DECC).

The event presented ideal opportunities through its different features for industry specialists to explore

a wide range of agricultural and environmental technologies, equipment and related products, meet key decision-makers, gain valuable insights, and discover latest and best practices all under one roof.

The platform played a vital role in supporting local producers and bringing in international expertise from all around the world that support and complement Qatar's vision and efforts in the agricultural and environmental fields.

TESTIMONIALS:

"We are very pleased to see the large participation of the private sector and its great interest in developing the agricultural production system in Qatar."

- Ahmad Al Khalaf, Chairman, Agrico

"We're here at AgriteQ for these days and we had a great time, we have met a lot of interesting companies, we had a lot of interesting meetings, and we're excited to come here again."

- Sarmand, Trade Body Representative, Netherlands

"I came from Oman to visit the International Agricultural Exhibition in Doha and I am impressed by how large the exhibition is. People can find everything they need that is related to agricultural, veterinary, or environment."

- Mohamed Aballah, Business Owner, Oman
